• QUINQUENIO ESTADISTICO LABORAL

## PRESENTACION

El Gobierno de Reconciliación y Unidad Nacional, a través del Ministerio del Trabajo tiene el agrado de poner a su disposición este documento que recopila los principales indicadores socio laborales de nuestro país y proporciona valiosa información del quinquenio que va del 2007 al 2011 y nos muestra una panorámica asequible, detallada y completa del comportamiento de los indicadores contenidos en nuestros planes de trabajo alineados a la política laboral, en concordancia con el Plan Nacional de Desarrollo Humano, impulsado por nuestro gobierno durante este período.

El contenido de este documento está estructurado en seis componentes, los cuales están referidos a las áreas temáticas de: ***Inspección del trabajo, Prácticas de género, Trabajo infantil y adolescente, Higiene y seguridad del trabajo, Derechos colectivos y Asesoría laboral, y Empleo y salarios.***

Es importante destacar que este documento ha sido posible gracias a la información suministrada por cada una de las inspectorías departamentales, a nivel nacional, permitiendo dar a conocer el cumplimiento de las estrategias y objetivos en materia laboral, lo que ha facilitado la toma de decisiones para dar continuidad a la restitución y tutela de los derechos de las personas trabajadoras.

Esperamos que el entusiasmo y esfuerzo que hemos puesto en esta publicación se vean recompensados con una amplia difusión y que sea usada como fuente de información para todos los actores sociales interesados.
